ØREDEV  2010

The largest event about software development in Europe!

I am pleased to announce that Malmö will host the 6th Edition of Øredev Conference, for developers and programmers, hackers and geeks, enterprise developers and managers, entrepreneurs, activists, designers, IT managers, trainers, educators and enthusiasts!

The Conference and Exhibition will take place November 10-12, 2010, in Malmö, Sweden.

About Øredev: It's the best chance for any European or internationally-focussed entity to have a complete overview of the software development chain, and to share their own experience while joining peers and the industry's top experts in advancing the field. In keeping with Øredev's growth, we are expecting attendance between 1000 and 1200 people.

The partnership opportunities described in this Prospectus will provide your organisation with access to an international crowd at the cross section of the market, the development process - industry leaders and decision makers will be present. The Partners' opportunities are designed to provide maximum value and exposure. Please review the enclosed Partnership prospectus to discover which item(s) would suit your organisation's need. The possibilities are not restricted to those provided in this document, so please contact me so we can help you create the very best opportunity.

I would be pleased to discuss with you about any additional or alternate suggestions you may have for recognition, such as a contribution of goods and services.

Please contact me using the information below to join in the special event that is Øredev or let me answer any questions you may have regarding the range of partnership opportunities.

Looking forward to speaking with you,

Handwritten signature of Michael Tiberg in blue ink.

Michael Tiberg
CEO - Øredev AB

Our Partnership in 2010

Marketing has gone beyond simply advertising, to the recognition that it is better, in the long run, to build relationships. Partnership opportunities at Øredev can help you do that.

As a Partner, you're ideally positioned to build and reinforce relationships, influence discussion of the key industry issues, and demonstrate your organization's ability to respond to those issues.

Partners receive recognition and profile throughout the entire process. It's a great way to affirm and demonstrate market leadership, and raise the profile of your organization.

Øredev has a large impact on the business.

With the number of media sources and bloggers in attendance growing each year, partners will have easy access to get the attention of this valuable promotion resource.

With signage, giveaways, event sponsorships and more, you can stay "top of mind" with developers and the press before, during, and after Øredev.

Advertising campaign generates interest within target market.

Your logo will be on Øredev's website and if you become a partner before the 30th of June, your logo will be in Øredev's conference brochure.

The brochures are distributed through different magazines.

Øredev advertises through various targeted software development communities and networks.

As a Partner with Øredev 2010

- Align yourself with the growth of Øredev and its distinguished speakers and industry leaders.
- Increase your exposure and brand recognition in the marketplace.
- Position your company as an industry resource. Build an image.
- Give your company the opportunity to reach its sales goals through direct contact with customers and prospects.
- Connect with a highly qualified audience of developers, testers and decision-makers at a hands-on, technical level.

Gold Partner Package

Gold partners are looking to make a big splash in the Scandinavian Software Development Industry and work very hard on brand association within the Industry. Have a big product launch planned for late 2010? Go GOLD at Øredev!
